Mitch Mitchell
Josh Scallate

On behalf of the Beaufort City Council, we are pleased to offer our support for the joint Beaufort Rotary Clubs' initiative to secure grant funding for critical water infrastructure improvements in our sister city of Ostroh, Ukraine.

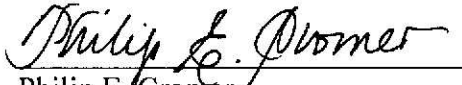

The City of Beaufort values its longstanding relationship with Ostroh and recognizes the importance of maintaining strong ties between our communities. Through this sister city relationship, we have come to appreciate both the resilience of the people of Ostroh and the challenges they continue to face.

The proposed project to replace a deteriorating water tower and address leaking sewer infrastructure represents an important investment in essential public services and quality of life for the residents of Ostroh. Access to reliable water and wastewater infrastructure is fundamental to the health, safety, and well-being of any community.

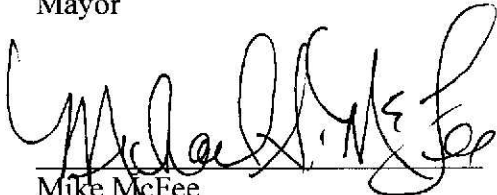

We commend the Beaufort Rotary clubs, Rotary District 7770, and the many local citizens and organizations who have contributed to this effort. Their commitment exemplifies the spirit of international service, humanitarian assistance, and friendship that has long characterized the Rotary mission.

The Beaufort City Council is proud to support this grant application and appreciates the dedication of all involved in advancing this meaningful project on behalf of our sister city.

Sincerely,

Philip E. Cromer
Mayor
